

Twin Hinge Features & Benefits

- **Identification Signage**

Ideal for churches, schools and businesses

- **Manufactured From High Quality 6063T5 Alloy Aluminum**

All product components and hardware made from quality materials

- **No Visible Fasteners**

Concealed locking squares hold the frame securely in place

- **Variety of Options**

Single or Double Faced; Illuminated or Non-Illuminated; Routed Toppers Available

- **Stability & Vandal Resistance**

12" Deep Cabinet provides stability while the Aluminum Frame, Clear Polycarbonate Key Lock Door covers the entire face

- **Ease of Operation**

Gas shocks are provided on all signs higher than 36" and wider than 48" and function as support arms when the frame is open

- **Easy Assembly & Installation**

Frame assembly slides into slotted post for easy assembly

- **Long Lasting - Easy Maintenance**

Both doors open for access to lamps

- **Standard Duranodic Bronze Finish**

Our standard finish is Duranodic Bronze. Custom colors are available using AKZO NOBEL, plus a polyurethane enamel topcoat developed for application to metal signage components

- **Several Mounting Options Available**

Choose from direct embedment, welded base plates or sleeve mount

- **UL Compliant Illuminated Signs...**
