## HID Wall Mount INSTALLATION INSTRUCTIONS

Use a level to place the system to its intended location and mark the mounting hole locations. Refer to ADA requirements if applicable.

Align mounting holes to the wall anchors and permanently secure system to wall using appropriate hardware. (not included)

## **IMPORTANT!**

- **DO NOT REMOVE** the end caps at any point during installation, or when making insert/lens changes.
- If you choose to install without using mechanical fasteners, it is required that you use **SILICONE ADHESIVE** along with the provided adhesive squares.
